#### Minutes of staff council meeting held on 14 March 2022.

The meeting of staff council of the college was held on 14 March 2022 at 12.00 noon.

The minutes of this meeting are as follows:

# Subject No 1: Confirmation of minutes of previous meeting

Staff Council secretary Dr.S.M. Gothane read out the minutes of previous meeting held on 28 January 2022 before the present members. As there were no comments received from any of the members, the proceeding were unanimously confirmed by staff council.

# Subject No. 2: Activating Mentor scheme in the college

The lockdown of long duration due to COVID -19 pandemic has caused a lot of problems for the students in curricular as well as co-curricular areas. Although online classes were held during this period , there was a certain communication gap between students and teachers.

The Principal Dr.H. M.Khanzode suggested that the teachers should re-activate Mentors' scheme to establish communication with students. The In-charge of Mentor scheme Shri R.T.Sawai handed over class wise lists of students to all teachers. The Principal suggested that every teacher should conduct at least two meetings of students under the scheme. First meeting should be conducted during 25 to 31 March and the other should be conducted during 20 to 25 April. The teachers should submit reports of all meetings to the In charge and Principal.

# Subject No. 3: Conducting remedial coaching classes.

The college has conducted online classes during lockdown period due to COVID -19 pandemic in the session. However, the Govt, of Maharashtra has issued directives to open educational institutions and conduct offline classes. However, there are a number of students who could not attend online classes due to non-availability of smart phones or even connectivity in remote places. In addition to

this strike by State Transport employees during November 2021 to March 2022 has caused a lot of loss for students in rural area.

On this background, Dr.D.B. Malpe suggested that teachers should conduct remedial coaching classes for students. The suggestion was unanimously accepted by all members.

#### Subject No. 4: Organizing Students' Induction Programme

The college regularly organizes Students' Induction Programme for fresh students .However, the college was unable to conduct this programme at the beginning of the session lockdown period .Following resolution was put in the meeting:

#### Resolution No. 1:

As the college has started regularly, the college should conduct a Students' Induction Programme in the first week of April .

## SHRI SAMARTH ARTS AND COMMERCE COLLEGE, ASHTI

Report of Test Examination of Even Semesters: 2021-22 Duration: 5<sup>th</sup> May to 14<sup>th</sup> May 2022

The lockdown during COVID-19 pandemic has affected all spheres of human life. The restrictions of physical distancing has brought limits to many human activities. The routine examinations in physical mode were badly affected by these restrictions. Almost all examinations during the pandemic period were held in online mode. The traditional descriptive mode of question papers was replaced by Multiple Choice Question Pattern.

However it was observed that objective pattern of examination has negatively affected overall writing skills and comprehensive ability of students. Hence the IQAC passed a resolution in its meeting on 24 March 2022 that a semester wise test examination should be conducted. It would help for better performance of students in university examination.

The test examination was conducted during  $5^{th}$  May to  $14^{th}$  May 2022 . The following table shows the output of the examination . :

Sr. No.	Semester	No. of students enrolled	No. of students appeared	No. of students passed	No. of students failed	Passing %
1	B.Com II Sem.	65	52	16	36	35%
2	B.Com IV Sem.	69	55	03	52	5%
2	B.Com VI Sem.	65	53	10	43	15%
4	B.A. II Sem.	67	39	04	35	8%
5	B.A. IV Sem.	35	16	00	16	00%
6	B.A. VI Sem.	42	24	06	18	25%

All teachers evaluated the answer sheets of their subjects. The results were displayed on the notice boards for students' information.

### Observations:

- (1) The percentage of passing in the examination is below satisfactory level.
- (2) The answers written by students are not sufficient and lack in content .
- (3)Students are keeping themselves away from appearing for the examination.

# Suggestions:

(1) The teachers should focus more on developing students' inclination towards descriptive

(2) They should be encouraged to use text books which are available in college library.

### Value-added Course in Environmental Consciousness

### Report of Environmental Consciousness (2019-20)

The prescribed university curriculum for graduate students is only the way of attaining degree education in higher education system. It does not access whether to promote values and ethos among students or not. If value-based courses are to be introduced at degree level, it can be promoted to inculcate values and ethos among students. Consequently, it leads to a sense of responsibility among students and promotion to the betterment of the society. Therefore, as such type of courses is more significant in higher education. In order to create a sense of responsibility about various social issues, Department of Economics was introduced a value-added course in Environmental Consciousness in the college.

The proposal of the course was placed in the meeting of Internal Quality Assurance Cell on Jan. 3, 2020 for due consideration. Members of IQAC passed the resolution to introduce the said course in the college from 2019-20. The meeting of Advisory Committee was held on Jan. 28, 2020 in the college. As per the suggestions made by committee, Coordinator prepared the design of the course, syllabus, counseling of students, contact session, duration, field visit, final assessment and feedback etc. The process of enrollment was based on first-come-first-place basis. Total twenty six participants were enrolled in the course whereas nine participants were from both B. A. (I & II) respectively and eight were from B. Com. (I).

Table 1.1: Number Participants in the Course

Programme	Class	No. of Participant	
B. A.	I	9	
B. A.	11	9	
B. Com.	- 1	8	
Total		26	

Total five contact sessions was engaged during Jan. 31 to Mar. Mar. 13, 2020 in the college. Course Coordination delivered lectures on the structure of environment and ecosystem, affecting factors to environment degradation, sustainable development and World Bank Policy (2015-30) etc.

### Final Assessment

The final assessment was done by conducting examination of the course and feedback on Sept. 28, 2020. The examination was based on multiple choice questions consisting 30 questions carried 30 marks. Total 23 students were appeared to the examination. The details of examination and feedback are given in Table No. 1.2.

The details of result are given below.

- Total twenty six students were enrolled to the course. Out of 23 students were appeared to the examination.
- Eight students were passed in the examination while fifteen students were failed in the examination.
- The percentage of result is at 34.78.

- 4. Total eight students from B. A. I were appeared to the examination out of two students passed while total eight students from B. A. II were appeared to the examination whereas three students obtained qualifying marks in the examination.

# : Report of Mentoring Scheme in the College (2019-20) :

The college has introduced mentoring scheme in the college from 2019-20. The objectives of this system are: (a) To acquaint the students with all facilities and mechanism in the college, (b) To focus on overall development of students, (c) To inculcate human and professional values among students.

The working mechanism of the mentoring system is given in following stages:

- (1) At initial stage, 198 students of first year of B.A. and B.Com. were included in mentoring system from 2019-20. These students were divided into 10 groups .Each group included 20 students.
- (2) 10 groups were allotted to all 10 teachers in the college.
- (3) All teachers conducted two meetings of their respective groups in first session during 15 to 16 October 2019. They conducted second meeting with mentees during 18 February to 03 March 2020 in second session.
- (4) The teachers maintained a record of students' participation in academic and extra curricular activities. They enquired about students' performance in unit tests, seminars, assignments, etc. The teachers also asked the eligible students to submit scholarship forms within given dates by concerned authorities so that it would avoid their financial loss. The teachers also encouraged students to participate in sports and extension activities.

The reports of the meetings of mentor teachers with students were presented in IQAC meeting held on 17 March 2020 for discussion and suggestions. It was observed that teachers confronted with many problems regarding implementation of mentor scheme. They are as follows.:

# Problems faced in mentoring system:

(1)It is noticed that a large number of students remained absent in the meetings. Nearly 50% of students have attended the meetings.

- (2) Students have a tendency to avoid participation in extra-curricular and extension activities.
- (3) The lower outcome in university examination is also a issue of concern for the college.

In view of these problems, following remedial steps were suggested in order to improvise students' involvement in the college .:

- (a) The college should develop more rapport with the parents .
- (b) The mentors should convince the students about active participation in academic and extra -curricular activities.
- (c) Efforts should be made to increase students' participation in student centric learning
- (d) The mentoring system should be extended to next academic year also .

Summary of Mentor Scheme in the college: 2021-22

The college has started implementing Mentor scheme from 2019-20. However there was a break in mentoring in 2020-21 due to COVID-19 lockdown through the year. The scheme was revamped in the session 2021-22. The methodology of implementation of the scheme is as follows:

- The scheme was carried out by making class wise groups of students at the beginning of the session. Total 343 students of six classes were divided into 14 groups There were average – students in each group. The list of groups was circulated to mentor teachers One teacher was assigned for one group.
- The teachers conducted two meetings of their respective groups in the session. An attendance sheet was maintained for students .A format was also maintained for noting the activities of mentees.
- The mentor teachers conducted their first meeting of mentees during 28 March to 5 April 2022. Average 44% were present in the meeting. The observations of the meetings noted by the teachers are:
  - (a) Students make less transaction in the library. The excessive use of mobiles and online social media has distracted them from approaching to books for studies and knowledge.
  - (b) Their attendance is not satisfactory. It is mainly due to the lingering effect of COVID-19 lockdown which has badly affected students' study habits. They are prone to go for objective mode of question papers which are easier to solve than traditional question papers. Secondly the indefinite strike by MSRTC employees during October 2021 to March 2022 has also negatively affected attendance of students who come from rural and remote places. Students coming from remote places could not attend the college. Other modes of transport were not affordable for them.

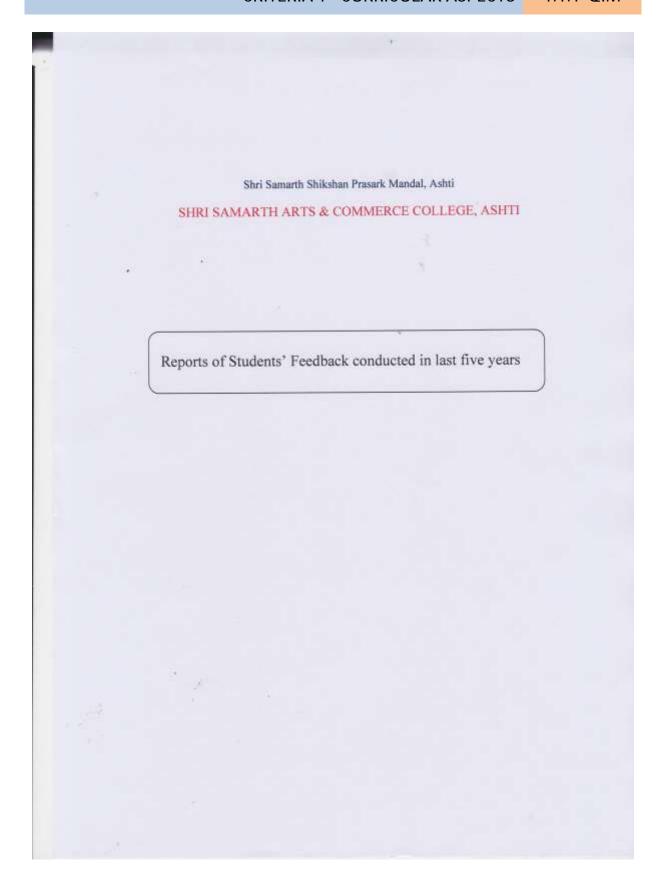

- (c) Many students have enrolled in NSS but their participation in activities is not satisfactory. Some students take keen interest in social engagement .But most of students avoid such activities .
- (d) Students have less interest in extra curricular activities.
- The second round of mentor -mentee meetings was held during 25/4/22 to 30/4/2022.It was observed that nearly 40% students were present in the meetings. The observations of the second meeting noted by the teachers are:
  - (a) Many of the students have not used the library facility even for a single time.
  - (b) Students were informed about meetings by notices as well as though whats' app groups. But students are not keen to participate in mentor scheme.
  - (c) Efforts should be made to increase the attendance of students in the college .

The reports of first meetings of mentor -mentee scheme was put before IQAC on 24 March 2022 .Management member Shri Sunil Rajkarne suggested that some sincere students from each group should be selected. It would help to track their progression to higher level.
